

# Perfect**Light**Solutions

Bringing outdoor light brilliance indoors

**Guaranteed energy savings 50%**

Traditional lighting systems  
just can't deliver the  
quality light or the  
savings!

**Product quality** improves as  
**quality of light** improves

Perfect**Lights** deliver  
a powerfully  
economical 85CRI  
(Color Rendering Index)

32,000 **brilliantly,**  
**bright-to-the-end,**  
**unbreakable** bulb hours

**Programmable lighting**  
**for maximum work zone**  
**efficiency and economy**

Perfect**Lights** Lighting Systems are  
an ideal solution for high mounting  
applications and are an excellent  
alternative to costly HID fixtures. Each  
fixture features 96% reflectivity specular  
reflectors to create a high performance  
lighting system.

Perfect**Lights** are designed to maximize lamp  
efficiency and optimize light output. Sturdy  
fixtures are constructed with a lightweight,  
corrosion resistant aluminum alloy.

**LENDERINK**  
**TECHNOLOGIES**

Where sound environmental practice & wise resource  
stewardship reflect in our products and services.

**APPLICATION | INNOVATION | SOLUTIONS**

Many companies are saving 50% or more  
on their lighting bill. How about yours?

# PerfectLightSolutions

## Testimony Facts & Savings

**PerfectLightSolutions are an eco-smart way to increase worker productivity, reduce fatigue, promote a healthy, safe work environment that's warm and inviting!**

### Testimony

#### Rousch Industries, Livonia Michigan

Rousch replaced 234 fixtures. Each new fixture reduced Rousch's lighting energy cost by \$105.35 per fixture per year for a total cost savings of \$24,652 per year while light levels increased by an average of 200%.

*"We are very pleased." Michelle Majetic,  
Facilities Project Coordinator, Rousch Industries*

#### Coca-Cola Bottling Company of Michigan Kalamazoo, Michigan

Coca-Cola replaced 112 fixtures. Light levels increased an average of 47% and reduced cost of lighting operations by \$10,700.

*"Coca-Cola Bottling is very please with their investment ... the additional bonus is an overall reduction of their power bill. with the increasing trend of energy companies increasing KWH rates, this simple changeover of lighting made a great deal of sense - more light for less money!"*

*Pete Carlson, Industrial Manager,  
Webster Electric*

### Features

Instant restrike  
Ideal solution for high mounting fixtures  
Proprietary 86% specular modular reflector  
Lightweight galvanneal housing  
Easy to install -- completely assembled,  
ready to hang  
Standard "V" hooks for chain mounting

Excellent alternative to costly HID fixtures  
Reduced energy cost by 50% or more  
No color shifting  
Non glare lighting  
Color rendering index 85  
Mean luminaire lumens 11,537

### Options

Unbreakable/Shatterproof bulb  
Slip-fit cable mounting system  
Double gripper mounting system  
Occupancy sensor  
Daylight harvesting sensor  
Emergency ballast  
Uplight Reflector
