Principal(s):

Tom Lenderink - President

Statement:

Lenderink Technologies has been providing solutions for over 40 years. We offer products in wood veneers, hollow wood tubes, adhesives, overlays, and backers. We also provide fire retardants for all of our product lines. Lenderink now has 3 dimensional molded veneers for caps/overlays or inserts in injection molding equipment. Lenderink products can be found in architectural design, furniture, wooden instruments, industrial settings, sculptures. The value that we place on the earth is reflected in the products and services we offer.
