

# Hit a Wall? NOT a problem!

Lenderink Technologies.  
Scaling Walls. Building Tunnels.  
Blending Application, Engineering,  
Research & Development

Solving manufacturing and materials  
challenges through product development  
and resourcing for over 40 years.

## INTRODUCING

**PerforaBoard™** acoustic & thermal panels

**AcoustaCore™** 1 and 2 fiberglass-free board & panels

## State of the Art Lamination Equipment

(Unlimited length up to 4" thick capabilities)

## Wood Tubes, Lightweight & Strong

(Exhibits, Displays, Furniture, Packaging)

## DriBond Dry Film Adhesives

(Thermoplastic, Thermoset, Peel-n-Stick, Biodegradable)

## MicroThin Wood Veneers

(Eco Green/Translucent)

## Backers, Core & Substrates

(Doors, partitions, construction, packaging)

## Fire Retardants/ Class "A"
